**ICT enabled tools for effective teaching-learning process During Academic Year
2020 - 21**

Academic Year 2020-2021 was affected by Covid-19 pandemic and therefore it was compulsion on teachers to learn, adopt and practice the ICT enabled tools. The uses of smart devices like laptops, desktops, mobile phones, I-pads with internet facilities become common practice not only for the teachers but also for the college students.

The college conducted a faculty training programme to enhance the skills of the teachers to conduct effective online lectures.

College also provided Google Classrooms to the faculties and the students for the smooth conduction, transparency and monitoring of online lectures. Separate Google Classrooms were created for all courses and programmes.

Teachers use these classrooms for sharing the online lecture links, attendance links, notices, assignments and study material. Some teachers upload the course and subject related PPTs and articles on college library website. Teachers also use Audio - Video Virtual Lab and YouTube.
