**Name of the Activity: RBI Monetary Museum, Fort**

**Date: 31<sup>st</sup> August 2019**

**Venue: RBI Monetary Museum, Fort, Mumbai**

Finance is considered to be the blood of any business and when it comes to understanding finance, we cannot ignore the main institutions. The students of BAF had the privilege of visiting the RBI Monetary Museum and gather some practical insights. FY, SY and TY BAF students had visit planned under the guidance of the BAF coordinator, along with Assistant Professor. The RBI visit was planned on 31<sup>st</sup> August 2019.

This visit was primarily an educational visit but the real time dynamics that students got to learn was something which enriched their knowledge even beyond textbooks or curriculum. The visit started with the students being taken to the monetary museum, wherein they were shown a small audio video which was a small compilation of the origin of currency and the evolution of money since the 1st piece of metal exchanged to the current system .It talked about the challenges faced currency at each level and the changes that were made in it to suit changing trade patterns. The resource person of RBI Monetary Museum explains the history of money through definitions, exhibits and info-graphics. It touches base on early barter exchange, metals as mode of payment, coins issued by Indian kings, rulers, princely states and Britishers. It then moves to evolution of paper currency, cheques, promissory notes, and bills of exchange, establishment of banks and use of electronic money.

The overall experience for us students was very enlightening, enriching and acquainted us with the knowledge about the currency and monetary policies. This

visit also resulted in a direct interaction of the students with the people who contribute to the monetary system to such a great extent.
