CS-IT

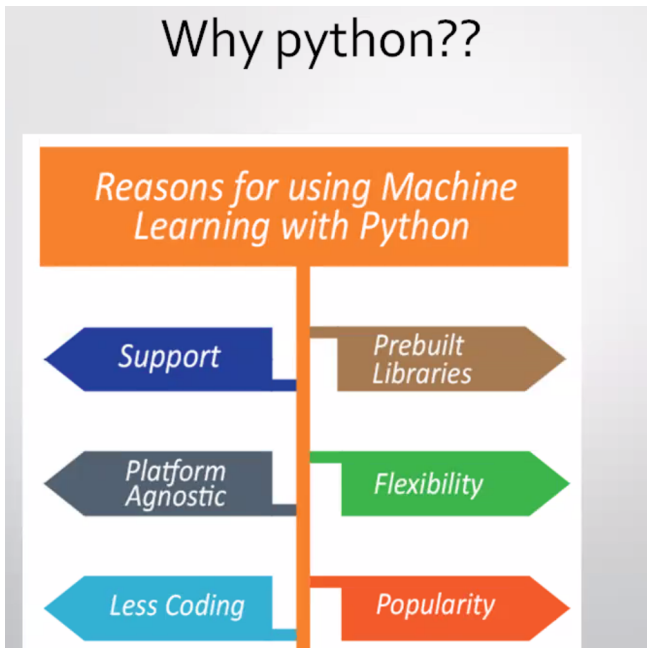

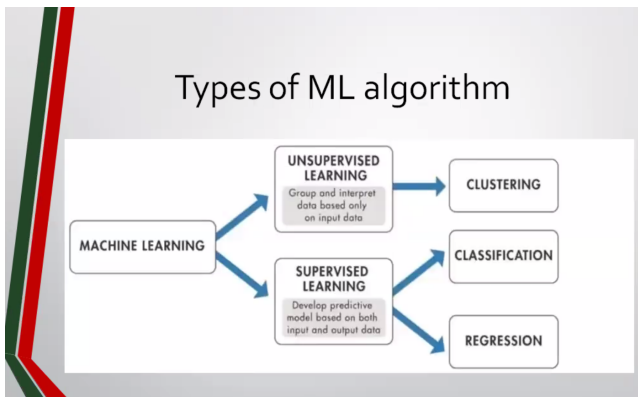

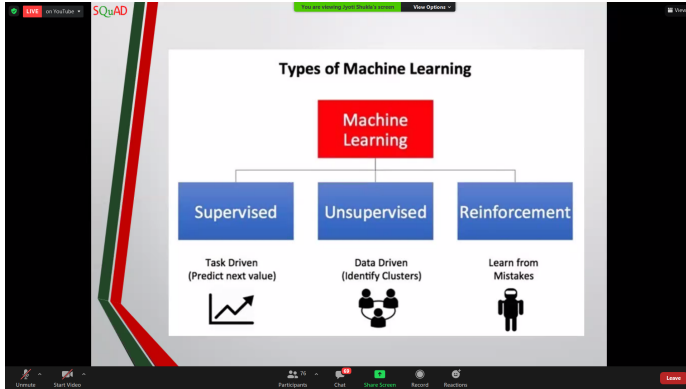

Webinar on Machine Learning

Date: 16th March, 2021

Time: 2:00 p.m.

The Department of CS and IT held a webinar on Machine Learning to lead our students onwards on a steep learning curve of Artificial Intelligence. Ms. Jyoti Shukla of Squad Infotech delivered an informative session on the 16th March, 2021. Received a good response from avid listeners of the in-house student community of Rizvi College of Arts, Science and Commerce.

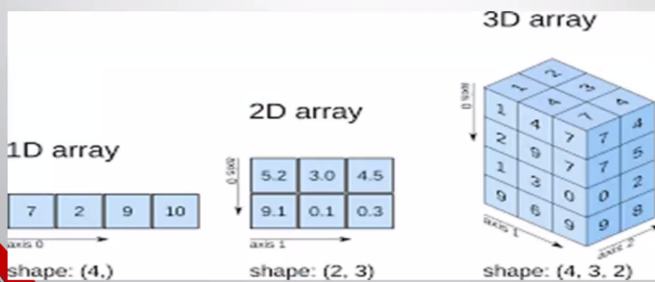

What is Numerical Python?

- NumPy is the fundamental package for scientific computing with Python.
- A powerful N-dimensional array object
- Sophisticated functions
- Tools for integrating C/C++ and Fortran code
- Useful linear algebra, Fourier transform, and random number capabilities

Dimensions in Arrays

- A dimension in arrays is one level of array depth

What is Pandas?

Panel Data System

- Similar to NumPy, Pandas is also the most widely used python libraries in machine learning.
- It is a Python package providing fast, flexible, and expressive data structures designed to make working with structured (tabular, multidimensional, potentially heterogeneous) and time series data.
- Built on top of Numpy with it's high performance array-computing features.

ONLINE INTERNATIONAL CONFERENCE ON 'EMERGING OPPORTUNITY AND CHALLENGES IN INDIAN ECONOMY IQAC AND SELF FINANCE COURSE

About the College

Rizvi Education Society was founded by Dr. Akhtar Hasan Rizvi in the year 1982, who set his heart on the realization of a dream **'The Establishment of a mini University'**, catering to diverse educational interest and aspirations. Rizvi College of Arts, Science & Commerce was started in the year 1985-86. **'Humanize, Equalize, Spiritualize'** is the motto of the college. University of Mumbai conferred on us the prestigious **Guru Nanak Trophy** for securing maximum points in sports competitions among 770 colleges from the year 2009-2010. The **'Best Liked College Award'** was received by college with a Cash prize of **Rs. 5 Lac** from Channel V and Facebook sponsored by Nokia. We are permanently affiliated to the University of Mumbai and recognized by UGC. The College offers Bachelor Degree in Arts, Science and Commerce in Aided Section, Accounting and Finance, Management Studies, Mass Media, Banking and Insurance, Computer Science, Information Technology and Master in Commerce in Unaided Section. The College is also a Research Centre for Commerce, Botany, Zoology and Chemistry recognized by University of Mumbai.

About the Conference

The conference aims to provide a platform for the academicians and the researchers across the globe to deliberate and discuss on the emerging opportunities and challenges in Indian economy. Pertinent and fruitful suggestions on policy initiatives for sustainable economic growth and development are anticipated from these deliberations. An interdisciplinary approach would obviously equip us with scopes to look at the topic from various perspectives.

About the Parul University

Parul University came into being during April-2015 vide an Act of State Legislature viz., Gujarat Private Universities Act, 2009 and Gujarat Private Universities (Second Amendment) Act, 2015 and has made long strides in the field of education in Gujarat. The fact that the University offers more than 160 different undergraduate, post graduate and doctoral degree programmes through 34 institutions across 21 wide ranging Faculties such as Medicine, Engineering, Pharmacy, Homoeopathy, Ayurved, Management, Law, Fine Arts, Design, Arts, Commerce etc. is a testimony to the commitment of the University for expanding in the area of higher education and the dedication of all stakeholders in providing a package of best managed delivery system. The University is spread over a sprawling 150 acres accommodating 100 academic blocks. The state-of-the-art University infrastructure also house the modern laboratories required for teaching and research purposes. The campus also boasts of excellent facilities for co-curricular activities of the students such as playground, gymnasium, swimming pool etc. There are about 28,000+ students studying in the University which reflects the popularity of the University among the study community. It is a constant endeavour of the university to achieve excellence in delivering different programmes. The University has carved a niche for itself in the field of providing placements to the graduating students. Special Units of the University such as the Entrepreneurship Development Cell, the Career Development Cell, the Training & Placement Cell ensure the overall personality development of the students. The University attracts a number of foreign nationals because of its outstanding global reach. At present, there are about 1200+ International students from 49 Countries pursuing full time degree programmes in the University. A special cell by name "International Students Affairs Cell (ISAC)" is dedicated for admitting foreign students and also monitor their progress in the University. AYUSH Hospitals of Parul University have the distinction of being accredited by NABH.

Objectives of the Conference

- To know the emerging opportunities and challenges of the Indian economy with a new perspective.
- To put the emphasis on recent reforms in economic policies and its impact on the economy.

AFTER 12TH SCIENCE 

The two common fields opted by 12th pass outs from Science stream are:

1. **Medicine**
The medical field encompasses everything from diagnostic practice to other related activities undertaken across the healthcare, pharmaceutical, and biotech-based industries. If you have studied Physics, Chemistry, Biology (PCB) at the 10+2 level, you can think about the courses in the medical field.
2. **Engineering**
The engineering profession offers a vast range of career options after 12th science. Some of them are listed below:
Mechanical Engineers, Electrical and Electronics Engineers, Computer Engineers, Civil Engineers, Chemical Engineers, Aerospace Engineers, Marine Engineers.

WHY?

HIGHER EDUCATION

- ▶ Higher education gives you an option to gain specialised knowledge.
- ▶ At the same time, it enhances career options.
- ▶ Some organizations or companies look for postgraduates.
- ▶ A candidate who holds a master's degree after B.Sc has more job and career opportunities as compared to a bachelors degree candidate.
- ▶ Students can opt for teaching, research and development and apply for higher posts in various sectors.
- ▶ A B.Sc degree may not be sufficient for a student to decide which career option is best suited for them. Higher education gives more clarity on taking a decision on a career path.

The screenshot shows a Zoom meeting interface with a slide titled "Concepts of Research". The slide content is as follows:

Concepts of Research

Which of these can be classified as research?

- Shyam prepared a paper on "computer usage in primary schools" after reviewing literature on the subject available in his university library
- Ramlal says that he has researched and completed a document which gives information about the age of his students, their PCB marks, their parents income and the distance of school from municipality hospital.
- Peter participated in a workshop on curriculum development for board exams and prepared what he calls a research report. He did this through a literature survey on the subject and discussing it with participants of the workshop.

ABOUT RIZVI COLLEGE OF ARTS SCIENCE & COMMERCE

The Rizvi Education Society was established by DR. AKHTAR HASAN RIZVI in the year 1982 with a vision to make education available to all the sections of society. The first successful endeavor towards realizing this goal is the establishment of Rizvi College of Arts, Science & Commerce in the academic year 1985-86 and a line of successful ventures followed thereafter to include twenty two institutes in all, not only in Mumbai but in Jaunpur, Allahabad (Kaushambi, Karari) as well. Since its establishment, Rizvi College has been instrumental in catering to a variety of educational interests and aspirations of the society. It has always been the prime focus of our college to provide students the best possible environment for holistic learning. Keeping the contemporary global and national context in mind, Rizvi college of Arts, Science and Commerce, strives continuously to make success a way of life not only in academics but also in extra-curricular activities.

ABOUT THE WEBINAR

We are trying our best not only to utilise our time effectively but also to remain connected with the academic fraternity amidst this current critical phase of lock-down due to Covid 19 Pandemic. Therefore, in an effort towards creating and providing a platform for the academia and the researchers, Department of English, Rizvi College of Arts, Science and Commerce in collaboration with Board of Studies in English, University of Mumbai is organising a National Webinar on Science Fiction.

Science Fiction has become a part of the popular consciousness today with NASA naming its first space-shuttle after the fictional starship on 'Star Trek' or with the Transformer cut-outs at the back of the cereal packets. Anything that passes by the name of Science Fiction has become the folk-lore of the twenty first century. Even the current scenario of the Pandemic has been very vividly foretold in the movie 'Contagion' produced a decade before. A great deal of the future imagined by the science-fiction writers have actually become a reality today and therefore the genre is getting focus and attention of the researchers and academicians more than ever.

What is actually science-fiction? Is science-fiction always predictive? How does a science-fiction writer build up his futuristic world? Does the science in science-fiction always have to be accurate? Let us have the answers to many engaging questions like these on the genre and explore, hear and interact with our experts on this National Webinar on Science Fiction.
