**Subject: Approval for Mangrove Clean-up activity with the students**

Dear Sir/ Madam,

I'm writing to you to seek an approval for conducting a Mangrove clean-up activity for students of your college under the "ACT Mumbai" project which is a community based sustainable development project. This project was showcased for Paris Peace Forum and was the only community based sustainability project selected from India.

Earth5R is a social environmental organization recognized as a UNESCO Green Citizens Project, that conducts workshops for citizens and youth about sustainable living and waste management.

**Why the Mangrove Clean-up?**

Research shows that youth have better participation towards sustainable development when they are aware about the local challenges that affect their localities, awareness of issues brings more ownership of the community, and what better way than to start this awareness in our own neighborhood with Rizvi Students. The mangroves at Carter Road are the most neglected part of the area and desperately need our attention. Not many people are aware of how important they are to our existence. This clean-up will help them see the mangroves in a new light and also become more aware and caring towards their well being.

**Workshop Content:**

We are organizing this clean-up in collaboration with the BMC on Sunday, the 27th of January from 9am - 11am. We will be providing the students with refreshments as well. For this we are

can QR code for website | MOBILE : 900/911070

**B. Assessment on India's first mobile two wheeler Simulator:** Among the trained students, those who know to ride a two wheeler, will be given an opportunity to test their riding skills on a special two wheeler simulator followed by counselling by our trainer.

Upon successful completion of the training, all the students will be awarded a certificate jointly issued by United Way Mumbai and the National Safety Council – Maharashtra Chapter.

**2. Formation of "Road Safety Club" by trained Students:**

The members of this Road Safety Club will be encouraged and empowered to conduct about 5 awareness activities /drives in the college campus or in the neighbouring community to educate peers and /or community members on road safety. The club members participating in at least 3 awareness drives, will be awarded with a special certificate of participation & a memento acknowledging their support in championing the cause of road safety. **Note:** United Mumbai will support the club members for successful execution of these activities.

We look forward to receiving active support from your college as listed below:

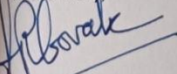

- Mobilization of 30 student participants who are keen to learn safe riding skills
- Provision of a suitable venue with (classroom/ seminar hall/ conference room) with or without A/V equipment
- Permission for parking of three vehicles i.e. a four wheeler van, a two wheeler (for on wheel demonstration) & the 407 Tempo with the 2-wheeler simulator
- Commitment to extend support to the Road Safety Club activities.

Considering the magnitude and urgency of the situation, we are confident that, your Institute will actively participate in URS activities and help us propagate the noble cause of road safety among the young students of your Institute. We thereby request you to kindly suggest a convenient date and time slot for organizing the safe rider training session in your Institute.

Thanking you and looking forward to partner with your Institute for improving the state of road safety in Mumbai city.

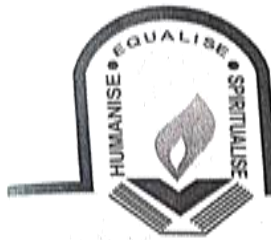

Thanking You

Yours Truly,

Ajay Govale

## Road Safety Campaign

United Way Mumbai  
CSR Partnerships | Payroll Giving | Employee Volunteering | Event Partnerships

18<sup>th</sup> July, 2018

To,  
The Principal,  
Rizvi Education Society's  
Rizvi college of Arts, Science & Commerce,  
Rizvi Educational Complex,  
Off Carter road, Bandra West,  
Mumbai – 400050

Subject: Regarding engagement of students of your institute for education on road safety.

Dear Madam/Sir,

As you are aware, United Way Mumbai, is a registered, non- profit organization working actively in the areas of civic awareness, health, safety and environment in Mumbai city.

According to accident data published by the Ministry of Road Transport and Highways (MoRTH) for year 2016;

- Road accidents have killed 1.50 lakh people in India
- 46.3% i.e. 69,851 people belonged to the age group of 18 to 35 years
- 34.8 % i.e. 52,500 deaths were caused due to accident involving two wheelers

As part of our commitment for improving the state of safety in Mumbai city, United Way Mumbai has been implementing a special community impact initiative namely; **UNITED FOR ROAD SAFETY (URS), powered by Castrol**. The project aims to educate and sensitize youth to become safer and responsible two wheeler riders. This is in keeping with the rising road crash related deaths in India.

Under URS project, we propose to conduct few activities with the students of your college as listed below;

**1. Safe Rider Training Session:**

- A. A four-hour long classroom session on safe/defensive riding followed by demonstration by trainer for batch of maximum 30 participants at a time. **(Note: We can conduct multiple training sessions in batches of maximum 30 students per**
