Outcome of the Activity: Students gained a significant knowledge about the History of Currency System of India.

Industrial Visit

INDUSTRIAL VISIT TO NASHIK- IGATPURI

DEPARTMENTS (BMS, BAF, BBI)

On 11th February 2020, department of Self finance had organised 3 days Industrial Visit for all First year, second year and third year students.

The basic objective behind the visit was to bestow an excellent and sterling opportunity to interact and gain practical knowledge about the industry.

About IV:

DAY 1 :- 11th February, 2020

Early morning we all left for Igatpuri by bus. Around 9.30 a.m. reached PushkarMela Resort for breakfast. Good food buffet was provided along with hygienic environment. Around 12.00 noon we reached Grand Garden Resort located in Igatpuri and had lunch after checking in into our hotel room. Post lunch we proceeded to visit Fabisco Industries in Nashik. It is a manufacturing industry dealing with demo structure of wind mill. Keeping students safety in mind, groups of 22 were made to have visit at a time. The concerned person explained the process of making demo structure of wind mill and how GALVANIZING is done to prevent it from rusting. Very patiently he also responded the queries raised by students and we had a good interactive session. Around 5.00 p.m. we were back to resort. Later delicious dinner was served and teachers ensured that every student was on bed by 11.00 p.m.

DAY 2:- 12th February, 2020

Early morning there was a visit to Empire Spices and Food Pvt. Ltd. which had four departments i.e. Rambandhu, Rambandhu Masala, Temptation and Zaika. The manager of Empire Spices and Food Pvt. Ltd. explained the process of operation of Rambandhu and its approximate turnover generated. Then students were taken in groups of 22 to visit and observe how pickles, papad, tomato ketchup and shezwan chutney is made and packed through machines. For safety and hygienic purpose mask and lab coat were given to everyone and students were amazed to see their process. From manufacturing, packing, labelling, storing to despatching the product they were very systematic and everything was done electronically. Manager also explained that they follow FIFO (First In First Out) method for despatching goods from their warehouse. The visit was very informative and then everyone preceded for lunch.

Post lunch there was another visit to Lokmat Printing Press in Nashik. The concerned person gave detail introduction about the Printing Press and it works 24/7 365 days except on 26th January, 15th August, Diwali and Holi. This Printing Press was founded by a group of Indian freedom fighters in 1918 and in 1952 acquired by its founder Late Shri Jawaharlal Darda. The visit was helpful for the students for understanding the operation Paper mill using PLC automation. Also the students got exposure to various mechanisms used for proper functioning of the printing press. Around 6.30 p.m. we reached resort and DJ night was arranged for the students to have some fun.

DAY 3:- 13th February, 2020

Post lunch we had next visit to Keyur Industries located in Nashik. It manufactures transformers used in huge oil tanks upto 22 MVA and repairs various types of transformers upto 100 MVA. Mr. Subhash R. Dhondge its managing director gave detailed explanation about services provided by them such as manufacturing of Power transformers, Distribution transformers, Special transformers, Transformer fabrication and transformer repairing.

Finally we boarded the bus to return Mumbai and the bus arrived near Rizvi College of Arts Science and Commerce at 10.00 p.m. The industrial visit to Fabisco Ltd., Empire Spices and Food Pvt Ltd., Lokmat Printing Press and Keyur Industries was an enriching experience for students in getting live experience of manufacturing and marketing which could help them in their internships and further executive placements. An interaction, working conditions and employment practices provided them an idea on how activities in industries are connected. Moreover it gave an exposure from academic point of view too.

 **Spoken Tutorial Project**
National Institute of Technology Bombay
Mumbai, Maharashtra

Letter of Appreciation

To: **Prof. Hina Mahmood**, **Date: 29/05/2018**
Rural College of Arts Science and Commerce,
Maharashtra

This is to express thanks and appreciation to **Prof. Hina Mahmood**, for spreading awareness and holding Software Training workshops at **Rural College of Arts Science and Commerce**.

You are making an outstanding contribution of using ICT based teaching and learning methodology for students of Maharashtra. Your contributions to the implementation of Spoken Tutorial Project are significant and have played a part in it becoming second growing SMART Project. Your excellent skills and courteous personality has helped tremendously in spreading awareness of Spoken Tutorial IT Bombay.

I would like to personally thank you for contributing to the software training and awareness events in your institute.

This work was done in association with the Spoken Tutorial IT Bombay, As part of the National Mission on Education through ICT, funded by MHRD, Govt. Of India.

I am sure that we will continue to get your continued support for making India IT literate and spreading project existence in state of Maharashtra.

With Sincerity,
For and on behalf of
Spoken Tutorial,
National Institute of Technology Bombay

Field Trip:

DEPARTMENTS OF SELF FINANCE

Visit to RBI Monetary Museum

Finance is considered to be the blood of any business and when it comes to understanding finance, we cannot ignore the main institutions. The students of Self Finance Course had the privilege of visiting the RBI Monetary Museum and gather some practical insights. FY, SY and TY students had visit planned under the guidance of the Self Finance Course Co-ordinators, along with Assistant Professors. The RBI visit was planned on 28.09.2019.

This visit was primarily an educational visit but the real time dynamics that students got to learn was something which enriched their knowledge even beyond textbooks or curriculum. The visit started with the students being taken to the monetary museum, wherein they were shown a small audio video which was a small compilation of the origin of currency and the evolution of money since the 1st piece of metal exchanged to the current system .It talked about the challenges faced

currency at each level and the changes that were made in it to suit changing trade patterns. The resource person of RBI Monetary Museum explains the history of money through definitions, exhibits and info-graphics. It touches base on early barter exchange, metals as mode of payment, coins issued by Indian kings, rulers, princely states and Britishers. It then moves to evolution of paper currency, cheques, promissory notes, bills of exchange, establishment of banks and use of electronic money.

The overall experience for us students was very enlightening, enriching and acquainted us with the knowledge about the currency and monetary policies. This visit also resulted in a direct interaction of the students with the people who contribute to the monetary system to such a great extent.
