KAMLA BHASIN SOCIOLOGY DEPT

Title of the event: Workshop on A Homage to Kamla Bhasin

Date: 4/10/2021

Venue: Online

Purpose: To pay Homage to Kamla Bhasin and to comprehend her contribution in understanding Gender socialization and biasness perpetuated in Indian Society.

Details of the Resource Person: Dr. Manjushah Patwardhan, Mrs Muneera Khambawala, Mariyah Gour

Report

A Homage to Kamla Bhasin

Renowned Feminist, poet, author and a pioneer of the women's rights movement in South Asia
on Monday 4th October, 2021 at 11.00am

A Joint session was organized on Monday 4th October 2021, by Dept. of Sociology, Rizvi College of ASC in collaboration with Bhavan's H. Somani and Wilson College to remember and honor a Social reformer, poet, voice of women rights in India and South Asia 'The Midnight Generation', Kamla Bhasin.

An introductory video on her life and work was played for the students to make team acquainted with her activism for emancipation and empowerment of women. She is universally described as an unflagging feminist and one of the most original voices to have emerged in the course of the women's movement in the 1970s, who had the ability to rip through ideas of patriarchy with rapier sharp wit or laughter.

Her song and poems sung across boundaries that divided her verses were adrenalin shots for women. Bhasin wanted to reform the gender biased and crude system and these morals found it way in her poems. Her poem were unique not because it showed lyrical excellence but because it is connected to us. Three of her well known poems, Rewriting Nursury Rhymes, Kyuki Mai Ladki Hun Mujhe padhna hai and Baharon Ka Aana Nahin Rok Sakte were played for the students followed by discussion by Dr. Manjushah, Dr. Mariyah and Prof. Muneera.

It helped in developing critical evaluation of the racism and sexism in these rhymes to reflect how it is part and parcel of the social system and hence undeniable. It reflects the deep rooted PATRIARCHY in our society. Most of us ignore the fact and continue the cycle, Bhasin was that one person who has rewritten the nursery rhymes for us.

Kyuki Mai Ladki Hun Mujhe padhna hai, Main ladki Hun Mujhe Sab Kuch Badalana Hai is mirrors to our patriarchal society and encourages the women's the girls the lady to shatter the glasses with their power a spectacular poem.

Baharon ka Aana Nahin Rok Sakte sensitizes us about conditions of widows in our society. Though the rituals of society can restrain a widow from simple attainments of life but can't stop her from her innate desires. It make us feel that we could indeed break all the conventions and normative shackles that held us back from our journeys as women.

Boundaries were meaningless to Kamla Bhasin. Her life and work is full of zeal and clear reflection of pluralistic ethos of Indian society and civilization. One of Kamla's biggest passions was the idea of creating peace and harmony in South Asia, She worked relentlessly towards peace between India and Pakistan. Across countries and movements, activists felt that she was one of them. Wherever she went, she made an impact. Her spirit was what one would first connect with. Her laughter, her Buland awaaz, her singing, her slogans, her poetry, her style of communication mesmerized many.

The session received an overwhelming from students with over seventy plus participant who actively interacted with each other to put forth Kamla's viewpoint. This is an exceptional and unique quality to Kamla. Her legacy is in the songs she wrote, the slogans she raised, the connections she made, the hearts she touched, the issues and campaigns she fought. The invisible flames as she says that burnt in her will forever glow and grow. Boundaries were meaningless to her, a person who shined and left her imprint where ever she stopped. Sadly the flaring lost her life battling cancer on 25th September.

CHOICE – HOW & WHAT

Human beings are blessed with *mind and ability to think*, it enables them to **make choices** i.e. evaluating various *options basis algorithms* controlled by Mother Nature or One Creator and deciding what best suits their requirements.

Similarly, we can choose *what kind of life* we want to lead, people may to fulfil their desires, people may become saints and renounce everything, some may develop new skills/ hobbies, some may devote their life to social causes or do many other things

What we choose decides what follows and then within the *new circumstances* we make more choices and thus we progress. It is an ongoing process, we are *constantly making choices* and impacting our life and life of the others around us.

Greed, Fear and Ego may come in the way to making 'correct' choices.

Energy is very valuable, it must be channelized. Eg, when we plan, we should only plan and not do something else (energy will be not used for one purpose but will be dissipated. Fear, anxiety, greed and ego are all 'eaters' of energy, which otherwise can be used very wisely.
