DECLARATION

We hereby declare that, the entire process for sanctioning scholarships by the government authorities is conducted online. Government organizations provide an online platform for the application, appraisal, and awarding of scholarships. The scholarship amount is directly transferred to the awarded students' bank accounts upon verification by the college authorities and approval of the scholarship grants by the concerned Govt organizations. The organizations upload the names of the students who have received awards each year on their website and the data is available online for the particular year only. As a result, the information about scholarships for the specified academic year is no longer available on the official websites and we are unable make it available at this time.

Dr. Ashfaq Khan
