“Genderlogue”

Panel Discussion on Gender in Metropolis Power and Prejudices 25th August 2022- Venue: AV Hall, Sophia Andersson Annexe, Sophia College

To enhance student’s knowledge on Gender issues and identities, students from Dept. of sociology participated in “GENDERLOGUE” - panel discussion on Gender in Metropolis Power and Prejudices organized by Social Communication and Media Department of Sophia College in association with FRIEDRICH EBURT STIFTUNG on 25th August 2022 Venue: AV Hall, Sophia Andersson Annexe, Sophia College. Students were able to participate in the rich panel discussions dealing with power and prejudiced in metropolitan context with the personal experiences of the resource persons from the diverse field including Ms Nirmala Nathan, Ms Varsha V. Vilas-Social Activist, Adv. Nirmala Prabhawalkar- Ex-mayor, Mumbai City, Ms Supriya Bambawale- Corporate Professional. The documentary and its discussion with the Mr Anil Hankare- male Lavani artists helped the students to understand the dichotomy and the identity crises faced by people belonging to different gender identities.

The poster features logos for Friedrich Ebert Stiftung, Genderlogue, and Sophia College. It lists the panelists: Ms Nirmala Nathan (Moderator), Ms Varsha V. Vilas (Social Activist), Adv. Nirmala Prabhawalkar (Ex-mayor, Mumbai City), Ms Supriya Bambawale (Corporate Professional), and Mr Anil Hankare (Male Lavani Artist). The event is followed by a documentary screening and Q&A by Ms Nirmita Gupta, HoD, of the Social Communications Media Department (SCM Sophia). The event is on 25th August 2022 at AV Hall, Sophia Andersson Annexe, Sophia College, Mumbai, from 10:30 AM to 1:30 PM. A registration link is provided: <https://forms.gle/UrMowCugPEAmXQKq7>. The bottom of the poster has an illustration of a city skyline with a woman climbing a large female symbol and a man climbing a large male symbol.

International Peace Day Celebration September 24th 2022

In order to Celebrate International Peace Day and promoting peace and harmony in society, Dept. of Sociology organized various participating activities for students to showcase their artistic instinct and talent. Through showcasing peace by various activities comprising of open mic, Find the peace game and photography contest the students were sensitized towards the significance of maintaining peace and harmony in society. They were made aware about the rich culture of Indian diversity and pluralism too. The students also spread awareness through a skit on peace. All the winners were awarded with medal and certificates of participations.

“Children with Special Needs”

KHAN ALMAS
KUMTE AYESHA
ADIBA MUKADAM
KHAN MUNTAHA

People with special needs are those who are physically or mentally disabled. Disability is any condition that more difficult for a person to do certain activity or effectively interact with the world around them.

The present research is an outcome of the field work conducted at Ali Yavar Jung National Institute of Hearing Speech and Hearing Disability, Bandra West, Mumbai. The topics covered ranged from Cerebral Palsy, hearing Impairment to mental illness. A background pilot study was conducted with the help of the Director and the staff. The data is collected through primary source whereby in-depth interview and case studies were conducted with children and their parents. It aims to describe the problems face by family and parents of children with special need in general and the children in specific.

By joining the mission in spreading the awareness the study aims that in future the children with special needs should be treated as normal rather discriminated.

Inter University Research Convention Avishkar 2022-2023

Category: ***Research***

Slot No.:

Level: **UG**

Topic: Children With Special Needs

Introduction:

People who are mentally and physically disabled. A disability is any condition that makes it more difficult for a person to do certain activity or effectively interact with the world around them.

What is the reason people face this issue?

How should we tackle this issue?

What is their scope in the future?

Objectives:

1. Help them to build a social and economic support system.
2. To create awareness about special needs around the world.

Findings:-

1. The parents need to take extraordinary care of the child.
2. They required physical, emotional, and monetary support for their survival.

Conclusion:- The government and the non-government need to take up the issues by supporting and providing full independence they need to lead a normal life away from the stigma of society.

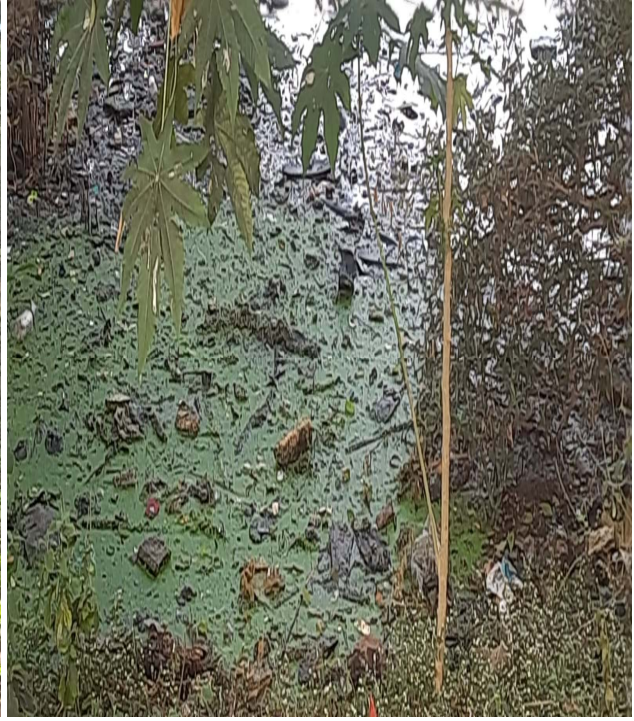

Educational Tour at Carter Road

Saturday, 28th Jan 2022

As a part to connect text with context and better understanding on syllabus of Environment and society a team of students from TYBA sociology Majors went on a field visit to Carter Road on 28th Jan 2023. A large number of Environmental issues were comprehended with this tour as they could connect with the significance of environment for human well-being. They were also explained the importance of Mangroves in environmental sustainability and the damage done by human induced activities. Coastal Road project and its impact on environment were also explained through observing the construction site at Carter Road. Students could also observe presence of different species in and around the sea.

Date: Friday, 20th January 2023 – Tuesday, 31st January 2023

Competition on Best out of Plastic Waste
Date: Wednesday, 25th January, 2023

Field Visit to Plastic Recycling Organization
Date: 2nd week of February (Tentative)

"The Most Generous Donor Award"

Department of Sociology and Department of BBI organized a drive on "PLASTIC FOR RECYCLING" to save environment and an awareness drive for collection of plastic waste recycling in January-February 2023.

The program was held on Thursday, 19th January 2023, in the quadrangle of Rizvi college of Arts, Science and Commerce, at 10:30 am. We the class of TYBA has showcased our creativity in the making of best out of plastic waste. We decided to use plastic in every object to make it creative and to attract other students to come forward and donate plastic. It was a competition as well for those who made best out of plastic waste. Our models were judged on the basis of creativity, utilization of resources,

artistic composition and design, eco-friendly rating, utility of the product and overall rating.

Chlorinated plastic can release harmful chemicals into the surrounding soil, which can then seep into groundwater sources, and also the ecosystem. This can cause a range of potentially harmful effects on the species that drink the water. Keeping all these issues in mind, our mentor PROF. DR. MARIYAH GOUR came with this idea to make models out plastic bottles. We were getting marks of our project so we had to take part in the awareness program and we donated plastic bottles as well. The event began with an introductory session on the objective of the drive gratified by the presence of principal sir, along with everyone looking through the artistic things made out of plastic waste and selfie point. The drive was attended by 100+ students and awareness drive was in entire atmosphere.

All these models were purely made using waste plastic bottles. The class of TYBA made some dustbins, jars, house model, lamp, plants, and few other models. For dustbin they used bisleri bottles and donated some dustbins to other classes and one in the staff

room for teachers. For house model one of our classmates, used bigger bottles of plastic and waste paper. Likewise, other models were made of different kind of plastic bottles.

The event witnessed a participation of more than 30 projects based on plastic waste like dustbin frame, showcase etc. the students of BBI department decorated the quadrangle and the auditorium with all waste plastic bottles.

On 25th January, winners were selected. All the models were kept again in the auditorium and our principal and vice principal announced the winners. It was a difficult to select only three winners because all the models were fabulous. Even principal was confused whom should we announce as winner. After some discussion they announced three winners and one extra prize for the most happening team throughout the event. First prize was begged by our classmate ALIYA QURESHI. She made such beautiful jars and a house structure and decorated it beautifully. Second prize winner was IMRAN KHAN. He made a showpiece out of waste plastic was appreciated by principal sir. The third prize was begged by a group of girls who made a

dustbin with smaller plastic bottles and gifted it to the staff room. The award for most happening team was begged by us, KHAN HABIBA, KHAN IFFAT and KHAN SHADAB.

The prize was clay bottle given to each winner. The bottles were beautifully shaped with a flower painting on it. We also got an envelope from principal sir as a token of appreciation for being the most happening team. After this, we started collecting bottles for donation,

as per the instruction, the “MOST GENEROUS DONOR” will be awarded. The class of SYBA took part in it in huge numbers. We were given a classroom to put all the plastic bottles for donation. We decided to donate it to “GOSHUNYA” foundation and in return we will get a bench and desk in the name of TYBA SOCIOLOGY DEPARTMENT 2022-23.

One of the TYBA sociology students, and our classmate YUSUF NEYAZ donated a good

number of plastic bottles. he went to beach cleaning drive with NSS department of our college and collected all the bottles from there. He also went to few other places to collect waste bottles and became the most generous donor. He was appreciated by our sociology teachers, DR. PROF.MARIYAH GOUR and PROF. SHAHIDA SHAIKH. He got appreciation from principal and vice principal as well and was awarded for such huge donation.

The students of BBI department helped us a lot in putting our models at a right place and in managing the event. They made some posters as well to aware the other students in the campus. They performed a group dance with the help of posters and plastic bottles, and college quadrangle was artistically decorated with eye catching plastic waste and it was a successful "PLASTIC RECYLOTHON" drive organized by "DEPARTMENT OF SOCIOLOGY" and "DEPARTMENT OF BBI". Also this was an inspiration for our juniors to create awareness in future and organize such programs which can save our environment in any way. It was a message to all the students and teachers to avoid plastic bottles as much as they can and to recycle plastic in many different ways. The models made out of plastic waste were a message to all the viewers, so that they can reuse the plastic bottles in some ways. The purpose of the program was to reduce the number of plastic products, or to aware people not to use plastic material excessively. All must avoid plastic to have a better future and for a better environment.

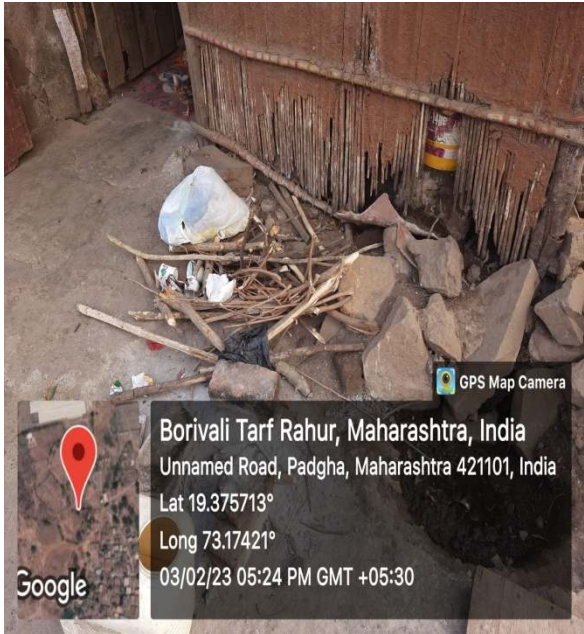

TYBA DEPARTMENT OF SOCIOLOGY 2022-23

Fieldwork at Padgha

An ethnographic field work for the sociology major students of TBA was conducted at Borivili Village at Padgha on 3rd and 4th of Feb 2022. 16 students along with Dr. Mariyah and Mrs. Shahida Shaikh during their stay at village they were able to observe the life style, structure of the houses, emergence of Warehouses in the close vicinity of the village and its impact on the locals and their transportation. A critical review of Rural-Urban continuum was analyzed by the students through their visit to the locals in the evening. A detail report of the same is being submitted by the students for their research project.
